DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114.

Applicant's submission filed on 3/17/05 has been entered.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kaushik Sriram on 4/26/05.

Claim 31, line 1, replace "claim 1" with -claim 10-.

Allowable Subject Matter

Claims 1-2, 5-11, 13-24, and 27-32 are allowed.

Claims 1-2, 5-11, 13-24, and 27-32 are allowable over the prior art of record, none of the prior art whether together singularly or in combination to teach the claimed combination as recited. The closest reference 5,883,515 does not teach or suggest the improvement of the instant application comprises obtaining a plurality of unfocused differential array resistivity

measurements (lateral log) over a depth interval, obtaining a plurality of additional resistivity measurements over the depth interval, and processing the plurality of the unfocused differential array resistivity measurements and the plurality of additional resistivity measurements to obtain a parameter of interest of an anisotropic earth formation, without applying the inversion technique to the additional resistivity measurements to simplify the process by reducing computing time and continuously provide the anisotropy output log at each logging point.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
